

RK-ECO10

SLIDING TABLE SAW

SMOOTH AND STABLE SLIDING TABLE WHICH
MEETS ALL REQUIREMENTS

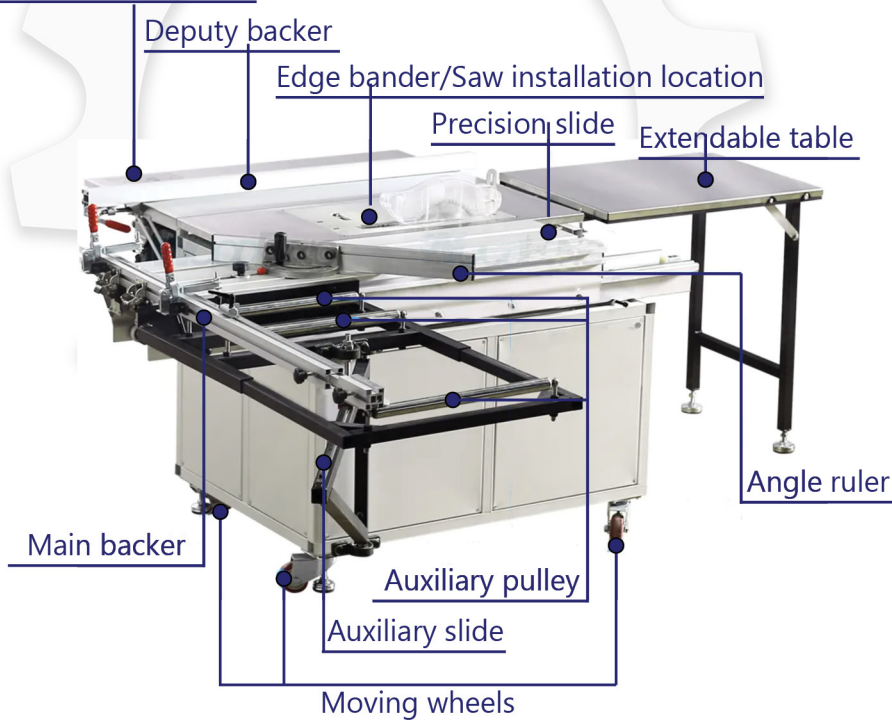

**Support for ensure
stability in cutting**

**1 YEAR WARRANTY
AND UNLIMITED SUPPORT**

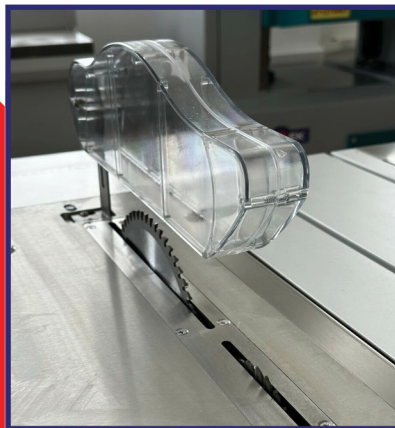

Working table size	50cm x 30cm, thickness: 8mm
Main saw power	2000W
Main saw speed	3800r/min
Main saw blade dia.	out 200mm*inner25.4mm*60teeth, left right blade
Scoring saw power	1450W
Scoring saw speed	13000r/min
Scoring saw blade dia.	out110mm*inner20mm*30mm teeth, Inverted ladder teeth
Dust collector power	1200W
Package size	1200x800x800mm
Machine size	1900x2100x750mm
Weight	105kg

Router installation location

- ➔ High Precision steel guide has been processed ultrahard, which guarantees guide precision and enduring.
- ➔ Clear dial shows saw blade inclination angle.
- ➔ It is the necessary working tool for furniture production and decoration industry.
- ➔ Wider duralumin sliding table is firm and durable.

- ➔ Guarantee the machine's precision and long life.
- ➔ Apply to processing all kinds of density boards, shaving boards, wood-based Panels, ABS Panels, PVC Panels, organic glass plates and solid wood and others with wood structure and similar hardness.
- ➔ This sliding table saw is a high quality machine produced according to international advanced technique. High quality parts.

DETAILS

- ➔ It has its own dust collector function to protect the health of workers and the environment.
- ➔ The saw table can be folded, the volume is small after folding, you can put it in a car for transportation
- ➔ It contains two saw blades, when cutting the plywood, it will not damage the hard surface of the plywood, and it can cut 45/90 degrees,
- ➔ It's saw blade is universal model, you can easily find it in a hardware store.
- ➔ It is equipped with universal wheels to facilitate transfer and transportation.
- ➔ It can solve the problem of cutting plywood at the decoration site with the lowest cost and the most convenient and environmentally friendly way.
- ➔ Brand motor, precise positioning, prevent edge chipping, alloy flip-chip plate.
- ➔ High power switch, fast lift, miter cut 45 degrees, perfect vacuum effect
- ➔ The non-adjustable saw blade can be fine-tuned left and right.

EASY TO TRANSPORT

Foldable, with 4 swivel wheels
