SLIDING TABLE SAW

ECONOMICAL OPTION FOR SAWING WITH MOVABLE DESIGN

**1 YEAR WARRANTY
AND UNLIMITED SUPPORT**

| | |
|----------------------------|---|
| Working table size | 50cmx30cm, thickness: 8mm |
| Main saw power | 2000W |
| Main saw speed | 3800r/min |
| Main saw blade diameter | out 200mm*inner25.4mm*60teeth, left right blade |
| Scoring saw power | 1450W |
| Scoring saw speed | 13000r/min |
| Scoring saw blade diameter | out110mm*inner20mm*30mm teeth, Inverted ladder teeth |
| Dust collector power | 1200W |
| Machine size | 1600x1500x750mm |
| Package size | 530x360x450mm 1140x720x580mm |
| Weight | 125kgs |

1

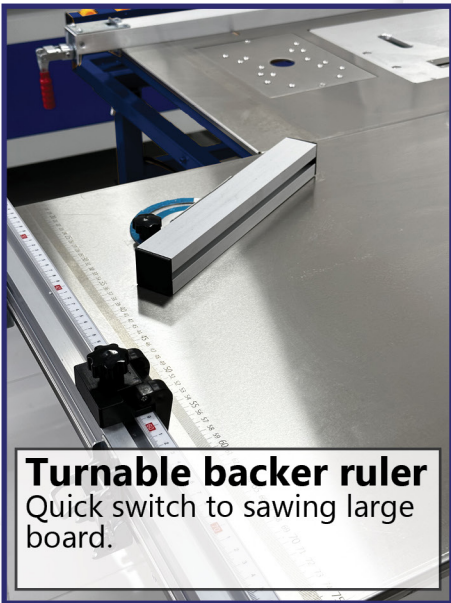

It has its own dust collection function to protect the health of workers and the environment.

2

The saw table can be folded, the volume is small after folding, you can put it in a car of transportation.

3

It contains two saw blades, when cutting the plywood, it will not damage the hard surface of the plywood, and it can cut 45/90 degrees.

Turnable backer ruler
Quick switch to sawing large board.

Stainless steel table top
Precise laser graduation.

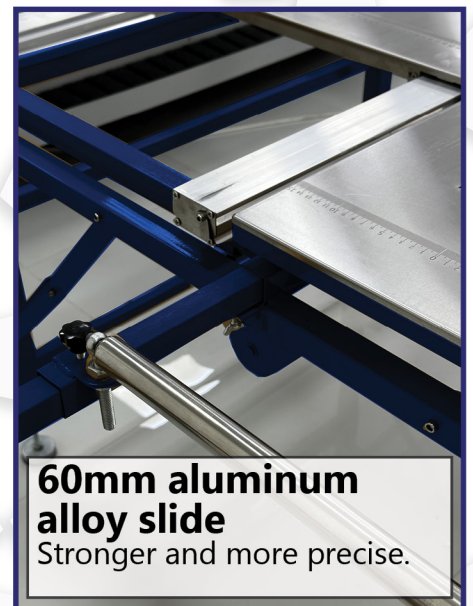

Angle locator
Adjustable the cutting angel.

Hidden ball slide
Smooth sliding, precise and durable.

Double saw blade
Ensure that th board skin is not damaged.
Adjustable saw blade angel.

60mm aluminum alloy slide
Stronger and more precise.

4

Its saw blade is a universal model, you can easily find it in a hardware store.

5

It is equipped with universal wheels to facilitate transfer and transportation.

6

It can solve the problem of cutting plywood at the decoration site with the lowest cost and the most convenient and environmentally friendly way.

DETAILS

Apply to processing all kinds of density boards, shaving boards, wood-based Panels, ABS Panels, PVC Panels, organic glass plates and solid wood and others with wood structure and similar hardness.

This sliding table saw is a high-quality machine produced according to international advanced techniques. High quality parts guarantee the machine's precision and long life.

The wider duralumin sliding table is firm and durable.

High Precision steel guide has been processed ultrahard, which guarantees guide precision and enduring.

Easy for operating. Supporting rollers on three side.

Clear dial shows saw blade inclination angle.

It is the necessary working tool for furniture production and decoration industry.

OPTIONAL EQUIPMENT (SPINDLE MOULDER & EDGE BANDING MACHINE)
