

DUST COLLECTOR

PROVIDES COMFORTABLE WORKING ENVIROMENT

**BEST
SELLER**

WITH METAL FIN

WITH 4 CLOTH BAGS

**1 YEAR WARRANTY
AND UNLIMITED SUPPORT**

RK9022

Power	2.2kW
Voltage / Frequency	380V / single-phase
Air volume	2350m ³ /hr
Suction holes diameter	10cm x 3 pieces
Bag diameter	480mm x 2 pieces
Machine size	940x530x2000mm
Packing size	970x560x530mm
Weight	52kg

Highly efficient industrial dust collector is widely used in wood products, pharmaceutical, food, electronics, chemical, metal, plastic, leather and other environment. It provides for men a comfortable working environment by protecting them healthy.

- Statically balanced high speed impellers give vibration free efficient suction.
- Available in different sizes, depending on suction capacity.
- Multiple dust collecting holes can be used by multiple machines.
- Mounted on base frame with wheels for easy portability.
- Widely used for medium & high air suction capacity with double bag construction.

RK9030

Power	3kW
Voltage / Frequency	380V / three-phase
Air volume	3150m ³ /hr
Suction holes diameter	10cm x 3 pieces
Bag diameter	480mm x 4 pieces
Machine size	1170x530x2000mm
Packing size	1200x560x530mm
Weight	70kg

RK9040

Power	4kW
Voltage/Frequency	380V / three-phase
Air Volume	4450m ³ /hr
Suction holes diameter	10cm x 3 pieces
Bag diameter	630mm x 4 pieces
Machine size	1800x700x2200mm
Packing size	1470x690x690mm
Weight	77kg

RK9055

Power	5.5kW
Voltage / Frequency	380V / three-phase
Air volume	5500m ³ /hr
Suction holes diameter	10cm x 6 pieces
Bag diameter	630mm x 4 pieces
Machine size	1800x700x2200mm
Packing size	1450x730x710mm
Weight	94kg

RK9075

Power	7.5kW
Voltage / Frequency	380V / three-phase
Air volume	9000m ³ /hr
Suction holes diameter	10cm x 3 pieces
Bag diameter	630mm x 4 pieces
Machine size	1800x700x2200mm
Packing size	1460x1460x400mm 600x600x1250mm
Weight	138kg
